## June Meeting: Night Out at the Ballpark

In the past few years, the Star Valley Chapter has sponsored a “night out at the ballpark”. Designed to be a relaxing end of the chapter year, this event provides an opportunity to get together to enjoy ones’ company and take in America’s pastime close to home. Maybe even more important this year.

**Time:** Buffet 6:00 – 7:30 pm  
Gates Open at 5:30 pm  
Game time is 6:30 pm

**Cost:** \$25. See the details on Page 7

**Location:** Calvin Falwell Field @ Banks of the James Stadium  
3180 Fort Ave. Lynchburg, VA 24501  
434-528-1144

**An RSVP is required for this event!!**

**RSVP with Bob Calhoun**

### Drawing for Glenn’s Painting

*Don’t miss the opportunity to win an original abstract painting created by our own **Glenn Hargrove** at the June meeting. All member attendees are eligible.*

The painting, entitled “Can You See Me Now” is a 14” X 14” stretched canvas painting.

*The Hargrove Painting*

## May Virtual Meeting Minutes

The May meeting of the Star Valley Chapter of ASSP was conducted virtually on May 10, 2021. The meeting was begun by President **Carlton Davis** welcoming the attendees that included **Bob Calhoun, Bob Drane, Steve Gordon, Glenn Hargrove** and **Jesse Phillips**. The meeting began with attendee introductions followed by Chapter business.

Chapter business:

- The slate of Chapter Officers for the 2021-22 year include: for President - **Carlton Davis**; for Vice President - **Stuart Bowman**; for Secretary - **Jesse Phillips**; for Treasurer - **Brandon Webb**; and for Delegate - **Carlton Davis**. Their bios are found on page 3 of this newsletter. The polls were opened on May 7<sup>th</sup> and will close on May 21<sup>st</sup>. It is anticipated that officer swearing in will be at the June 8<sup>th</sup> meeting. The gentlemen were thanked for their dedication to the Chapter.
- Star Valley Chapter/Liberty University Student Section News:
  - The Section under the guidance of Student Faculty Advisor Dr Diana Schwerha, has plans in place for increased activities in the Fall semester. To realize these plans, the Section is looking for volunteers who are interested in presenting or offering tours of their establishments or products. The attendees were requested to consider fulfilling this request.
  - Bob Calhoun presented "Space Shuttle Ground Operations Safety, A Unique Occupational Safety & Health Experience" virtually at their April 15th virtual meeting.
- The Chapter is looking for committee volunteers for all committees and chairpersons for Awards & Honors, Communications and the ASSP Foundation. Assistance is also needed for new Special Committee/Task Force related to: our Student Section and Chapter Fund Raising.

Presentation: The Chapter was honored to have our own **Glenn Hargrove, CIH, CSP, PG, CHMM** and **Jesse Phillips, CIH** speak on "**Asbestos: Hidden Problems.**" This presentation was a discussion of a few asbestos-specific topics that are often confusing, confounding, and not well understood-but legally enforceable. While at the same time capable of creating asbestos fiber exposures if not respected. The presentation covered the history of asbestos, the applicable regulations, effects of exposure, sampling and analysis and some opportunities for better regulations in regards to other materials containing asbestos.

Concluding remarks:

- Glenn and Jesse were thanked for their very informative and interesting presentation.
- The attendees were requested to consider contributing to the newsletter by writing an article or otherwise sharing your expertise, a best practice or other worthy endeavor.
- All were reminded to check their email for the ASSP Headquarters ballot provided from ASSP Headquarters.
- The June 8<sup>th</sup> meeting was announced featuring A Night Out at the Ballpark with the Lynchburg Hillcats. The event requires an RSVP with Bob Calhoun. In addition, a raffle will be conducted for Glenn Hargrove's original abstract painting.
- It was announced that Bob Calhoun will be leaving the ranks of the employed on July 1. He offered his thanks to the Chapter for his opportunity to serve.

Bob Calhoun, Star Valley Chapter Secretary

Note: During the meeting it was observed that several people who indicated an interest in the meeting could not access it for an unknown reason. The Chapter is currently attempting to determine the cause and remedy it to prevent recurrence.

## ASSP Safety 2021 Professional Development Conference and Exposition

ASSP has moved the national PDC to a new date and location while making it a hybrid experience for the first time. **Safety 2021 Professional Development Conference and Exposition** will take place Sept. 13-15 both online and in-person in Austin, Texas, enabling attendees to access continuing education like never before.

According to ASSP President Deborah Roy, M.P.H., RN, COHN-S, CSP, CIT, FASSP, FAAOHN, "It will be a dynamic occupational safety and health education and networking experience, and we are incorporating heightened safety and health measures to protect all attendees." "We are excited about what we have in store for industry professionals worldwide."

The traditionally in-person event, the PDC will be conducted at the Austin Convention Center with "an engaging virtual component that features mobile compatibility to offer unprecedented access to the 60th annual conference". This event replaces the original June Safety 2021 venue in Denver.

"Expect a conference experience that is mindful of the public safety and health challenges we continue to face due to the pandemic," Roy said. "We've all missed being together in person, and we'll provide safe opportunities for safety professionals to learn and reconnect with one another to enhance their careers."

In addition to requiring attendees to wear face coverings at the convention center, ASSP is working diligently to integrate many safeguards into its new plan and continues to monitor pandemic-related developments in Austin. Furthermore, if the public health situation doesn't improve as expected, the Society has the flexibility to shift the conference to an all-virtual event.

By attending the live event in Austin, up to 1.2 continuing education units (CEUs) can be earned. After the conference, those who attended in-person will have access to all the online sessions that provide an additional 6.0 CEUs, enabling them to earn up to 7.2 CEUs total. Virtual-only registrants can earn up to 6.0 CEUs. Safety 2021 registration will open in late spring.

Stay informed of the latest Safety 2021 developments and upcoming registration details by visiting ASSP's conference web page at [safety.assp.org](http://safety.assp.org).

## ASSP Star Valley Chapter Officer Bios for 2021-22!

A big round of applause for the following leaders that have accepted nominations to run for office for Chapter year 2021-22. The polls were open until may 21<sup>st</sup>. Officer swearing-in is anticipated at the June Meeting.

### For President

**F. Carlton Davis, MSOS CSP**, is a Regional Safety Manager for TLP Management Services which operates bulk liquid tank farms across the US, primarily specializing in petroleum products. He has 15 years with his current company, 14 of which have been in the field of safety. Previous career paths included flipping burgers, DJ & entertainment production, and US Navy nuclear power. Carlton travels extensively for his job, but still finds time to be involved with ASSP and the Roanoke Valley LEPC. He has been a member of ASSP for approximately 5 years, joining while a graduate student at East Carolina University, where he earned his Master's in Occupational Safety. Carlton is also serving as the Star Valley Chapter Programs Chair.

### For Vice President

**E. Stuart Bowman, MBA CSP** is a Safety and Environmental Manager for Howmet Aerospace/RTI International Metals. He has 31 years' experience in occupational safety and health having also worked for Solutia (CPFilms), Piedmont Business Group and Sara Lee Corporation. Stuart serves on the board of directors for Henry County Public Service Authority and Fieldale-Collinsville Volunteer Rescue Squad. Stuart has 31 years in ASSP where he is a professional member.

# Star Valley Chapter Newsletter

JUNE 2021

Stuart earned degrees and certifications from Patrick Henry Community College, Averett University and East Tennessee State University. He is also an adjunct professor at Patrick Henry Community College where he teaches OSHA 10 and 30-hour General Industry Classes.

## For Secretary:

**Jesse D. Phillips, CIH** is a Practice Leader for Industrial Hygiene services with Froehling & Robertson, Inc., a 140-year-old company with offices throughout Virginia. He has been in the Roanoke office with F&R for 15 years. Jesse has worked on grounds crews, at Boy Scout Camps, on fishing vessels in Alaska, and in food service before putting his Environmental Science and Philosophy double major from Roanoke College to use. Jesse has worked at F&R as an engineering technician, an environmental scientist, a radiographer assistant, an industrial hygienist, and a department manager. This is Jesse's first year in the ASSP and he is planning to sit for the CSP exam this May. Jesse looks forward to assisting in the growth of the Star Valley Chapter and facilitating the maintenance of historical records for the chapter.

## For Treasurer:

**Brandon S. Webb** is a certified instructor for the NSC and an OSHA Outreach Training Program Trainer. His career began as a Machinist for 10+ years before making a career change into the safety profession. Brandon holds an A.A.S from New River Community College and is currently working on his Undergraduate from Eastern Kentucky University. Brandon's career has included heavy manufacturing in a foundry setting, manufacturing of earth moving equipment, nuclear manufacturing, and warehouse and distribution. Brandon spent many years as a safety professional with Griffin Pipe in Lynchburg, VA and is currently employed as the Corporate Safety Manager for Unique Industries out of Philadelphia, PA.

## For Delegate:

**F. Carlton Davis, MSOS CSP**

## **National Safety Month**

June is National Safety Month sponsored by the National Safety Council (NSC). In its 25<sup>th</sup> year, National Safety Month is more important than ever as witnessed by the U.S. experiencing the highest number of workplace deaths since 2007 – 5,333 fatal workplace injuries in 2019.

For details, ideas and resources and signup see this link: <https://www.nsc.org/work-safety/get-involved/national-safety-month> .

The National Safety Council is one of America's leading nonprofit safety advocates – and has been for over 100 years. As a mission-based organization, NSC focuses on eliminating the leading causes of preventable death so people can live their fullest lives. Efforts are focused in areas to make the greatest impact: workplace, roadway and impairment.

## **A Heartfelt Thanks**

Just a note to say that it has been a pleasure serving the Star Valley Chapter as your Secretary, Delegate, Communications Chair and Newsletter Editor over the past seven years. I have gained many friendships and enhanced my knowledge regarding the profession during this time. Over the past 38 years I have truly been blessed and inspired to be a part of the EH&S profession and the Society. I am excited for future of the Chapter and especially for the Student Section at Liberty University. So as I ride off into the sunset, I am very grateful to the membership for providing me with this opportunity and I am honored to be a part such a great organization. Bob Calhoun

AMERICAN SOCIETY OF  
SAFETY PROFESSIONALS

## First Aid CPR Training Poll

Recently a poll was conducted regarding First Aid CPR Training in this time of the pandemic. The results are provided below. Nine people responded.

Question	Yes Offered	Yes Required	No
1. Has first aid CPR training historically been offered or required at your place of employment?	3	5 <sup>1,2,3,4,5</sup>	2

### Notes:

- Emergency responders
- All supervisors must maintain a current first aid/CPR card. About six of the folks in the Safety Department are instructors, so we do the training in house.
- Many of our projects require at least one of our people to have the training
- Offered CPR/1<sup>st</sup> Aid/AED and required depending on job type.
- Required for our “first responders” and supervisors

### 2. What methods are you using for new or recurring training during COVID? Answers:

- Standard training classes with separation (smaller classes) with lots and lots of cleaning/disinfecting of practical equipment.
- We hit pause for a few months during the peak of the pandemic, but have resumed training with smaller classes and social distancing. Each participant is also assigned their own mannequin for the training classes
- We are doing a lot of one on one or small group training to limit social distancing concerns. Also have voiced over PPT presentations in lieu of in person training with a written quiz that is graded.
- Classes are split, most of the class is online with a short section of hands on. I think this switch happened prior to COVID.
- We continue to utilize 3rd party trainers, spread out the employees throughout the training room, and multiple sessions if needed.
